Is there any public website where I can find the covered locations ?

I had checked on two official websites regarding these like <http://www.mhupa.gov.in> & <https://nhb.org.in>. Both sites shows me panvel location with pin 410206 only, and nowhere mentioned particulars location under panvel area.

My property address has holding the address with the pin and location as above Panvel 410206.

Second thing, there are many developers I can show you, developing projects far away in rural areas like neral, karjat and rasayani although they advertise with PMAY benefits upto 2.46 lakhs. So automatically question raised in mind why not me ???

Please provide me any official reference where mention covered and uncovered locations under one PIN no.
