Reference: Communication of Dy. Director (Admin) Vide online letter no. F.No. 1-1/2017-CCRAS/RTIA/1363/830 date 15.06.2017

Respected Sir,

With reference to above communication of CCRAS regarding the information provided by public information officer with reference to answer of my RTI application dated 15.06.2017, I hereby want to inform you that I am not satisfied with the answer given by PIO.

PIO provide answer of only two question (question no 12 and 13) and PIO has dare to said my questions as irrelevant and objectionable. I Know PIO might be unknown or illiterate about the term OJA I have recent and old photographs of Director General of CCRAS along with me. A lot more difference is being observed with the tremendous change in the personality. It may be OJAKSHAYA or both the persons I have seen might be different one.(Both the photographs are with me as proof for what I am saying). I sought this information due to reason of security of Nation as well as some other reasons but You suppose to provide the same. If we can get the Information of **Prime Minister Modi** about his education, qualification etc. then why not about the Director General CCRAS. Why PIO is personally interested in hiding information about Director General CCRAS.

One **crack** may sink the whole ship that's the reason I think that, P.M. Narendra Modi declared the zero tolerance policy against corruption. In such a case If PIO is not replying the questions raised by someone rather saying it as irrelevant and objectionable this is clear cut case of mental illness.

In future any Government Servant who suffered from PRADHNYAPARADHA and UNMAD doing fabrication in selection process or mental or economic corruption, RTI is meant for fight against such bugs.

Respected Sir, First Appellate, PIO is involved in some conspiracy and not providing the information so by respecting the Bhartiya Samvidhan I will find out answers of these questions if they exist even in hell. Duty of PIO is to provide answers of the questions asked to him but he called the questions as objectionable and irrelevant so this explanation is given.

Let First appellate answer my questions as mentioned below for the time being and Take action against PIO who hide the information.
