

Regarding Published Consultation Response

me to ap@traf.gov.in

Dear Ma'am/Sir,

In January 2016, I submitted a comment to the Draft Direction on Delivering Broadband Services in a Transparent Manner.

Here is the link to my comment: http://www.traf.gov.in/sites/default/files/Aroon_Deep_20_Jan_2016.pdf

In my comment, I specifically requested TRAI to **not publish my email address**. However, the publicly available PDF has my email ID, along with my request to not publish the same.

Please remove my email ID from the response immediately. This response shows up on search results of my name, along with the email ID, which is a significant privacy concern.

I hope to see the email ID deleted as soon as possible, and to receive a confirmation of the update.

Best,

Aroon Deep
